Test Case 2: Annual Report Analysis

Persona: Investment Analyst

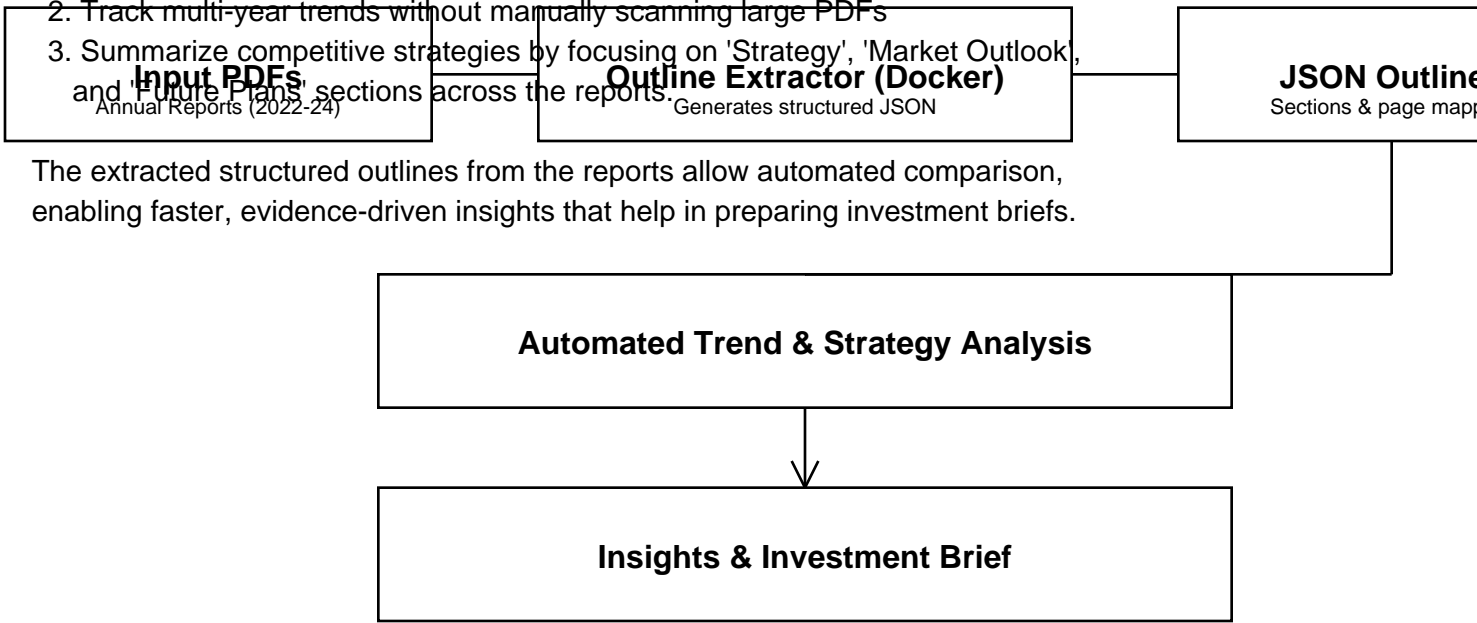

Documents: 3 annual reports (2022, 2023, 2024) from competing tech companies

Goal: Analyze:

- Revenue Trends
- R&D Investments
- Market Positioning Strategies

Using the extracted document outlines, the analyst can:

1. Identify key financial sections quickly (Income Statements, R&D expenses)
2. Track multi-year trends without manually scanning large PDFs
3. Summarize competitive strategies by focusing on 'Strategy', 'Market Outlook', and 'Future Plans' sections across the reports.

The analyst leverages structured outlines to efficiently synthesize patterns and prepare a strategic report.■
